

Technical drawing of a rectangular plate with the following dimensions and specifications:

- Overall width: 820
- Overall height: 60
- Plate thickness: 30
- Four holes with diameter $\varnothing 13$ are located at the corners.
- Distance from the left edge to the center of the first hole: 253
- Distance between the centers of the two left holes: 35
- Distance from the right edge to the center of the second hole: 35
- Distance between the centers of the two right holes: 25
- Distance from the center of the first hole to the center of the second hole: 630

Technical drawing of a shaft with the following dimensions and features:

- Shaft diameter: $\varnothing 13$
- Left end hole diameter: $\varnothing 35$
- Distance from left end to first step: 253
- Distance between steps: 981
- Distance from second step to right end hole: 35
- Right end hole diameter: $\varnothing 35$
- Distance from right end hole to right end: 30
- Shaft length: 1171
- Right end thread: $M16 \times 1.5$

Technical drawing of a mechanical part, likely a shaft or axle, showing dimensions and features. The drawing includes a top view and a side view. The top view shows a shaft with a central section of length 5655 and a diameter of 13. The side view shows a shaft with a diameter of 13 and a length of 5655. The drawing is labeled with dimensions and features.

Technical drawing of a roof plan. The drawing shows a series of roof sections with varying widths and slopes. Key dimensions include a total length of 5655, a section width of 722, and a section width of 952. A circular feature with a diameter of Ø13 is indicated. The drawing includes a north arrow pointing towards the top right.

Diagram illustrating the roof structure and dimensions for a building. The drawing shows a series of roof pitches and dimensions. The dimensions are as follows:

- Roof pitch 1: 952
- Roof pitch 2: 922
- Roof pitch 3: 5655
- Roof pitch 4: 922
- Roof pitch 5: 722
- Roof pitch 6: 98

The drawing also includes a small detail of a roof section in the top right corner.

Technical drawing of a rectangular plate with dimensions and hole locations. The plate has a total width of 270 and a total height of 210. The top edge has a series of dimensions: 30, 35, 35, 35, 35, 35, 35, 30. The bottom edge has dimensions: 30, 139, 26, 26, 49. The left edge has dimensions: 25, 35, 35, 75, 40. The right edge has dimensions: 35, 23, 23, 89, 40. There are 10 holes in total, arranged in two rows of five. A hole is marked with a cross and labeled $\varnothing 13$.

PIASTRA 1

Technical drawing of a rectangular plate (PIASTRA 1) showing dimensions and hole locations. The overall dimensions are 210 mm in height and 153 mm in width. The plate has a central rectangular area with a width of 101 mm and a height of 89 mm. The distance from the top edge to the top of the central area is 30 mm, and from the bottom edge to the bottom of the central area is 40 mm. The distance from the left edge to the left of the central area is 30 mm, and from the right edge to the right of the central area is 30 mm. The plate has 10 holes: 4 on the left side (2 on the top half, 2 on the bottom half), 4 on the right side (2 on the top half, 2 on the bottom half), and 2 on the bottom edge (1 on the left half, 1 on the right half). The distance between the centers of the holes is 35 mm. The distance from the top edge to the top of the top row of holes is 35 mm, and from the bottom edge to the bottom of the bottom row of holes is 35 mm. The distance from the left edge to the left of the leftmost column of holes is 30 mm, and from the right edge to the right of the rightmost column of holes is 30 mm. The distance from the top edge to the top of the top row of holes is 35 mm, and from the bottom edge to the bottom of the bottom row of holes is 35 mm. The distance from the left edge to the left of the leftmost column of holes is 30 mm, and from the right edge to the right of the rightmost column of holes is 30 mm. The distance from the top edge to the top of the top row of holes is 35 mm, and from the bottom edge to the bottom of the bottom row of holes is 35 mm. The distance from the left edge to the left of the leftmost column of holes is 30 mm, and from the right edge to the right of the rightmost column of holes is 30 mm.
